

School ski trip

In this description i will be describing my ski trip that i had with my classmates.

The ski trip took place from Saturday 12.2 to Friday 18.2. We arrived at school at 8 o'clock and left at 8:30. On the bus ride there i sat with Paula and we talked and listened to some music. We had some pretty interesting conversations. We arrived in Krpacovo around lunch. We immediately rushed and went to our rooms to unpack and get ready to go to the slope. When we arrived at the slope we put on our ski boots and took our skis in our hands. We had to walk up into the middle of the slope so we could ski down and they would divide us into groups. After we were done skiing we went back to the hotel and unpacked the stuff we didnt get unpack when we first came to our rooms. From Sunday we started a regular schedule which looked like this: at 7:30 we had an alarm clock which were usually our teachers or fellow classmates, but me and my friends set an alarm clock of our own and we put a song on it that was stuck in our head since it first came out and just one day i got sick of it so i said to Paula and i quote :“Paula , I'll cut your head off if it plays one more time.“ We had breakfast at 8:00 and we had to be downstairs at 9:00, we skiid for about 3 hours in the morning and then we had some time to freshen up before lunch. After lunch we had propably half an hour to just relax in our rooms and then get ready to go ski again for about an hour and half. When we got back to our rooms we had time to do our hygiene and then go to dinner. After dinner we went in to a room where the teachers said how we skiied today and what is the plan for the follow up hours and the next day. We were supposed to socialize for about 2 hours but the teacher sometimes made it shorter than 2 hours. When socialazing was over we were supposed to go brush our teeth and put on pyjamas and be in bed by 10 o'clock. Sunday was propably the first day for everyone to set into a schedule. On tuesday we went skiing in the morning but in the afternoon we had some free time we went outside to build snowmen and have a snowball fight and just have fun in the snow. And on Thursday it started raining so we were in our rooms all day but the day ended pleasantly, because our teachers got us ice cream sundays for who had the cleanest room ofcourse our room won so that was really nice of them. At first i thought this ski trip wouldnt be so good but i think this was one of the best school trips i have gone in my entire life and i would give anything to go back there and to be with my friends ant classmates.

And thats a wrap on 7.A and 7.B school ski trip 2022
