

# OUR SCHOOL TRIP

Pupils 8.A and 9.A class decided to make a small school trip so we were on a trip a few days ago. We started at 8 a.m. Our journey wasn't boring because I talked and laughed with my friends all the time. At the first stop we were in the cave Driny. In front of cave was lots of stairs. Inside the cave was cold, but wonderful. When we were inside of the cave, suddenly the lamps switched off. It was horrible, but funny. We even saw the bats.

When we went out we took a few photos too and then we took our bus to castle Červený Kameň. In the castle we learnt something about its history.

When our sightseeing tour finished we took lots of photo outdoor of castle. We even saw a peacock. Then we travelled back to Bratislava by our bus. On this way we stopped in Modra. There we had a lunch and after it we went back to school. I really enjoy this trip.
